

THE LIGHT IN THE DARKNESS

J.O. Farrow

FROM THE DEPTHS OF THE SHADOW REALM, Darkness has known nothing but the cold embrace of an existence devoid of light. Raised in the ever-present twilight of his homeland, he has honed his power, a force shaped by the very void that birthed him. But as a growing threat stirs within the world of Arret, he's been drawn into a conflict that will challenge everything he has ever known. Beside him stands Meg, grappling with the evolution of her own abilities and the weight of a destiny she never asked for. Together, they set out on a journey to uncover hidden truths buried deep within another continent, far from the familiar lands of Terra Creaturae.

While they chase forgotten secrets, Jason and the rest of the team embark on their own perilous quest across Terra Creaturae. With Ocyriz's forces tightening their grip and the past whispering of dangers yet to come, they race to unravel the mysteries surrounding *The 7 Swords*. J.O. Farrow returns to the world of *The 7 Swords* in ***The Light in the Darkness***, a tale of shadow and revelation. As heroes rise and destinies intertwine, the battle for Arret's future begins where the line between darkness and light is not as clear as it seems.
